College News

New Website - Coming Soon!

Be on the lookout for some exciting changes. ACCP is currently working on a new website. Hopeful to launch this spring; the new site will have a library, member directory, new member forums, a friendlier user interface, and much more.

Along with the new site we will have a new database for our membership. The system will send out automatic renewal notices and make event registrations a breeze. We are looking forward to this transformation and think you will like it too.

ACCP CorrDocs Articles

The American College of Correctional Physicians is putting together its next newsletter of CorrDocs and is soliciting articles for publication. CorrDocs strives to update its members on advances within the walls of correctional medicine, as well as stories that touch the human element. From my experience, everyone has an interesting story (or two!) and knowledge to share. Our membership would benefit from reading it. Please submit a 500-1000 word literary piece for review. Our current deadline is February 28th.

You may email them to our editor, Rebecca Lubelczyk, at Rebecca@lubelczyk.com. Please visit our website www.ACCPmed.org to review past issues of CorrDocs to help develop your own contribution. We look forward to reading your work!
